- › Comes with a pressure limiter to prevent damage to internal piping installation
- › Pressure reduction to 1.5 bar
- › Fits universal garden hose connection
- › Can be used for water fill-up from mains supply and from external tank
- › Comes with air vents to release excess air during filling
- › Simple installation
- › Elegant, well styled compact design
- › High quality materials
- › Cover locks open and closed

» MATERIALS

- › Corrosion resistant materials suitable for potable water and LP Gas
- › Plastic parts made of high quality materials with long-term UV resistance
- › All metal parts: Hot forged Brass alloy CW716
- › Plastic unit- Polycarbonate reinforced with 30% glass fiber – UV resistance
- › Lever handle- ABS (Acrylonitrile Butadiene Styrene)
- › Hinges, springs and screws: stainless steel
- › Gas valve gaskets: rubber NBR gaskets conforming to EN549 standard
- › Wall gaskets and cap gaskets - UV and ozone resistant EPDM (Ethylene Propylene Diene Monomer - Synthetic rubber)
- › Ball valve seals: PTFE
- › Rubber gaskets: EPDM approved for drinking water according to WRAS

» INSTALLATION

- › Cut a 60mm (2.36 Inch) hole with a core drill and affix with self-drilling screws
- › Connect pipes with standard fittings

ABOUT SAGIV

In the heart of the Negev

Located at Mashabei Sadeh, Sagiv is Israel's leading company for the production and export of ball valves, special valves and accessories on demand. These allow full control of water, gas, petrol and oil flow. Our products are integrated within many systems in industry, construction, air conditioning and agriculture.

International Presence

Our plant exports its products to the most advanced and demanding industrialized nations in the world along with developing areas who are seeking advanced flow control solutions.

Close to the Customer

Our R&D department works in close liaison with the engineering divisions of our clients. In this way we can give responses in real time to the unique requests that often arise with client projects.

Excellent Reputation

Sagiv has earned a reputation for high quality, creativity and reliability. As a result of our extensive experience on the industry and our passion to solve the challenges introduced by our customers.

Financial Strength

Sagiv is equally owned by Kibbutz Mashavey Sade and by Gaon Agro Industries Ltd. – a subsidiary of Gaon Holdings Ltd, one of Israel's leading investment companies. Gaon Agro deals primarily in the water infrastructure industry, water related projects and agriculture.
